Mr. Eric S. Nuzie
Federal Facilities Coordinator
Florida Department of Environmental Regulation
Twin Towers Office Building
2600 Blair Stone Road
Tallahassee, FL 32399-2400

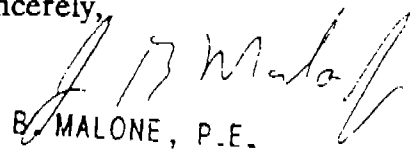

Subj: INTERIM REMEDIAL ACTION
IRP PSC 11 - NADEP BLDG. 101 OLD PLATING SHOP
NAVAL AIR STATION, JACKSONVILLE, FL.

Dear Mr. Nuzie:

Enclosed is the Remedial Action Plan for the subject response. This response will allow us to rectify the risk this site presents to site workers and potential release threat to the environment. This condition was uncovered when, as part of building demolition efforts, site workers noticed an unusual odor. An immediate removal response was performed to remove the exposure risk. This is a follow up action to that removal and continuing demolition efforts.

Your expeditious attention to this matter will allow us to fulfill our CERCLA obligations and is appreciated. Please send your written concurrence first to Mr. Joel G. Murphy, our point of contact in this matter, by fax to 803-743-0465, at your earliest convenience. For any question in this matter, contact Mr. Murphy at 803-743-0577, or write to him at Code 18213 at the above address.

Sincerely,

J. B. MALONE, P.E.
Head, Installation Branch
Restoration & Branch
